# AHMED KHAN

**AI Systems & Digital Solutions Engineer | Enterprise IT & E-Commerce Architect**

Faisalabad, Pakistan | (+92) 3095899817 | Ahmedkhan580@outlook.com | linkedin.com/in/ahmed-khan-bahrain

## SUMMARY

Versatile AI Systems & Digital Solutions Engineer bridging Enterprise Infrastructure, Agentic Software Workflows, and Performance E-Commerce. Proven track record in orchestrating rapid-deployment platforms (including Reno Perth and custom Shopify engines), scaling Etsy operations, and dominating multi-surface discovery across traditional SEO, Answer Engine Optimization (AEO), and Generative Engine Optimization (GEO). Highly adept in Context Engineering, agentic coding environments (Claude Code, Codex, Antigravity), and autonomous development loops, backed by deep systems administration expertise sustaining 99.8% uptime across enterprise Windows Server and Microsoft 365 environments.

## CORE COMPETENCIES

- **AI Systems & Prompt/Loop Engineering:** Context Engineering, Agentic Tooling (Claude Code, OpenAI Codex, Google Antigravity), Multi-turn Loop Architecture, Autonomous Coding Workflows, Prompt Optimization & Evaluation.
- **Web & E-Commerce Engineering:** Shopify Store Architecture, Custom Web Systems (Reno Perth), Etsy Store Operations, Payment Gateways & Global Payout Pipelines, Full-Funnel UX/UI Optimization.
- **Modern Search & Digital Marketing:** Search Engine Optimization (SEO), Answer Engine Optimization (AEO), Generative Engine Optimization (GEO), Core Web Vitals, Conversion Rate Optimization (CRO), Paid & Organic Digital Growth, Web Analytics.
- **Enterprise Systems & Security:** Windows Server, Active Directory, Microsoft Entra ID, Microsoft 365 (Exchange, SharePoint, Teams), Intune, SCCM, ERP (Odoo), Network Architecture (LAN/WAN, DNS, DHCP, VPN), CCTV Infrastructure.

## PROFESSIONAL EXPERIENCE

**Digital Solutions & Web Developer** | *Freelance / Independent* **2025 - Present**

- Architected and deployed high-performance web platforms (Reno Perth) and scalable Shopify storefronts utilizing agentic coding tools (Claude Code, Codex) and context-engineered prompt pipelines to accelerate sprint velocity.
- Designed and executed end-to-end digital growth strategies spanning multi-channel SEO, AEO, and GEO, structuring semantic entity schemas to capture AI engine answers and organic search share.
- Built automated e-commerce workflows and inventory synchronization loops for multi-regional Etsy operations, enhancing order fulfillment accuracy and customer retention.
- Applied continuous performance analytics, Core Web Vitals tuning, and conversion funnel experimentation to maximize ROAS and organic discovery.

**System Administration / IT Support Engineer** | *Burhan Gas Company* **01/2023 - 01/2025**

- Maintained complete IT infrastructure and network reliability across multi-department operations, sustaining 99.8% uptime.
- Administered Windows Server environments, Active Directory user provisioning, and Microsoft 365 administration (Entra ID, Exchange Online, SharePoint).
- Designed automated data backup workflows, endpoint security policies, and deployed multi-channel CCTV surveillance systems.

**System Administration / IT Support Engineer** | *Master Technology* **08/2022 - 06/2023**

- Delivered centralized IT support and systems infrastructure for four major industrial clients (Golden Pump, Golden Fuji, Super Asia, Bright Metal).
- Configured, hardened, and maintained network infrastructure including routers, managed switches, and secure VPN connections across distributed operations.

**Network Implementation & IT Support** | *Corvit Systems & GC University Faisalabad* **11/2021 - 03/2022**

- Configured three enterprise computer labs comprising 200+ endpoints, executing structured network cabling, switch configurations, and IP subnet allocations.
- Provided tier-1 and tier-2 IT support for academic staff and administration, ensuring smooth digital operations.

**Office Administrator** | *Burhan Gas Company, Gujranwala, Pakistan* **01/2016 - 12/2019**

- Managed daily office operations, departmental coordination, and executive administrative workflows to ensure operational continuity.
- Maintained centralized documentation, organizational records, and internal reporting pipelines with high accuracy.
- Streamlined inter-departmental communication and correspondence handling, optimizing routine administrative turnaround times.

## EDUCATION & CERTIFICATIONS

- **Bachelor of Science in Computer Science (BSCS)** – Bahria University, Lahore (2 YEARS)
- **Diploma in Cyber Security** – National Vocational and Technical Training Commission (NAVTTC) (2021)
- **MCSE (Microsoft Certified Solutions Expert)** – Corvit Systems (01/2021)
- **CCNA Routing & Switching** – Corvit Systems (01/2021)
